Resources when prescribing OXERVATE®

Dompé | CONNECT to Care

Dompé CONNECT to Care is a practice and patient support hub through a single point of contact.
Dompé CONNECT to Care helps with:

- Program enrollment
- Benefits verification
- Prior Authorization support
- Appeal process support

1-877-422-4412

Accredo Specialty Pharmacy

Accredo Specialty Pharmacy is the sole specialty pharmacy that manages OXERVATE prescriptions.
Accredo Specialty Pharmacy provides:

- Patient Financial Assistance support including a copay program for commercially insured patients, referrals to other financial resources, and patient assistance program (PAP) for eligible uninsured or underinsured patients
- OXERVATE shipment and delivery coordination to patients
- Accredo pharmacists that can answer patients' questions about dosing, administration, and what to expect during treatment

CoAssist Pharmacy

CoAssist Pharmacy is an online platform that automates patient access from your practice's existing EMR/EHR systems to prescribe OXERVATE® and enroll eligible patients into Dompé CONNECT to Care.
CoAssist Pharmacy features include:

- Proactive capture of patient consent through text message
- eBenefits Verification (eBV), including if PA is required, in <15 seconds
- Real-time PA submission with decisions returned in minutes*

*PA decisions can be returned in minutes to hours depending on payer/pharmacy benefit manager (PBM) electronic capabilities.
